

TOUR IN EUROPE

Time meanders along the pathways of Old Europe.
History is everywhere to be seen and felt,
and people take comfort in the bosom of life's joy.

"Yesterday, today and tomorrow."

The simple words echo the history of the ages—the Church,
the Renaissance, kings and queens, castles, music
and art.

The strength to keep faith with one's beliefs and live
passionately from day to day are part of the heritage
of history.

The people of Europe cherish the pleasures of nature and
delight in the fortunes that tomorrow may bring.

To travel through Europe is to experience
the world of yesterday today.
